

Intelligent Meter Concentrator

Energy Saving Solution

• Power Management • Logic Control • Data Redundancy •

Features:

- ▶ No software tool is required, using browsers to perform system operations
- ▶ Built-in logic engine for real-time control
- ▶ Provide power demand management and alarm notification
- ▶ Display of real-time/historical power data trend and data storage
- ▶ Support ICP DAS Smart Power Meters (RS-485, Ethernet)
- ▶ Support Modbus TCP/RTU I/O Modules
- ▶ Provide Modbus TCP and FTP protocols for SCADA integration
- ▶ Support data recovery after resuming from network disconnection
- ▶ Built-in Flash HMI Tools for interface design
