Smart Environmental Monitoring Solution

CO/CO2/HCHO/Temperature/Humidity/Dew Point

Feature:

❋ Non-dispersive Infrared (NDIR) CO2 Sensor

❋ Able to store up to 450,000 records with data and time stamps

❋ Touch-screen and Web-based Configuration Interfaces

❋ Free Software Utility, iOS App and Android App Included

❋ Able to Display Multilingual Messages

❋ Supports the DCON, Modbus RTU, Modbus TCP and MQTT Protocols

❋ Includes RS-485 / Ethernet / PoE Communication Interfaces

❋ Relay Output for Alarm Device or IAQ Device Control
